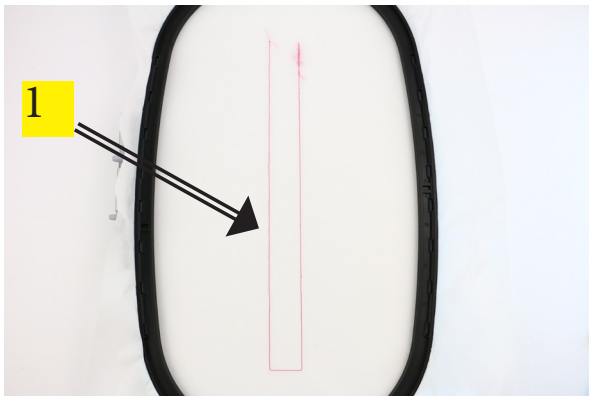
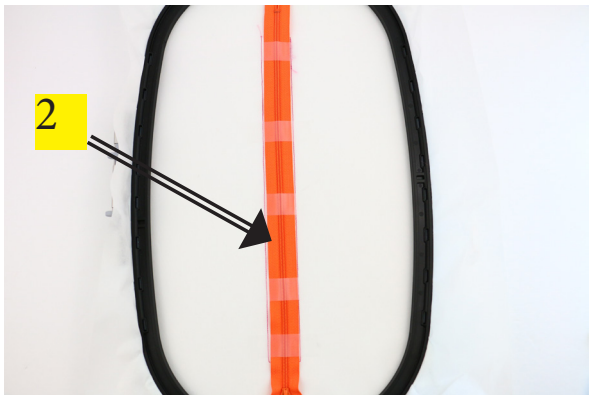
Steps - Hooping #1

Note: Pictures shown are for the 8”x12” size, the design/hoop positioning might be slightly different for the 6”x10” size

1. Insert new needle, wind bobbin to match top thread, insert bobbin and thread top of machine. Hoop **tear away stabilizer**. Insert hoop into machine and sew **Stitch #1**, zipper placement stitch. Remove hoop from machine and place on a flat surface. ***Do not remove materials from hoop.***



2. Place **zipper** with zipper pull on the bottom, centered within width. Tape to secure in three to four places across zipper. Insert hoop into machine and sew **Stitch #2**, the zipper secure stitch.



3. Remove hoop from machine and place on a flat surface. ***Do not remove materials from hoop.***Gently remove the clear tape from the zipper.

4. Turn hoop to wrong side. Place (1) of the **Back Top Pocket** pieces right side down with one long edge along the top zipper stitch. Tape to secure in place.

Steps - Hooping #2

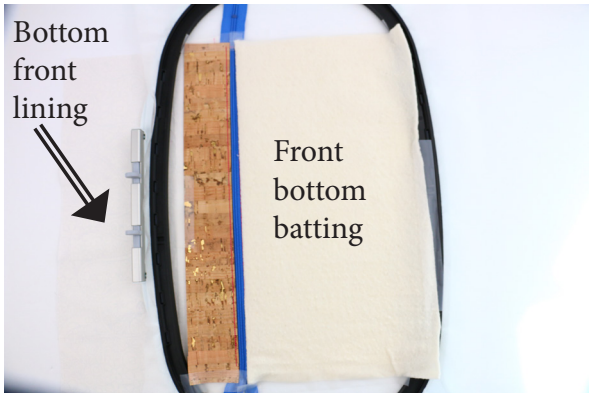
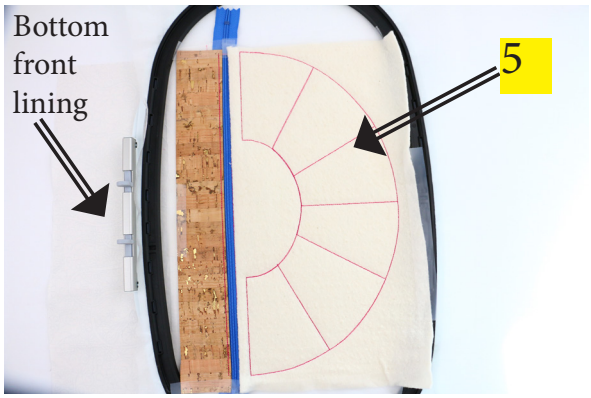
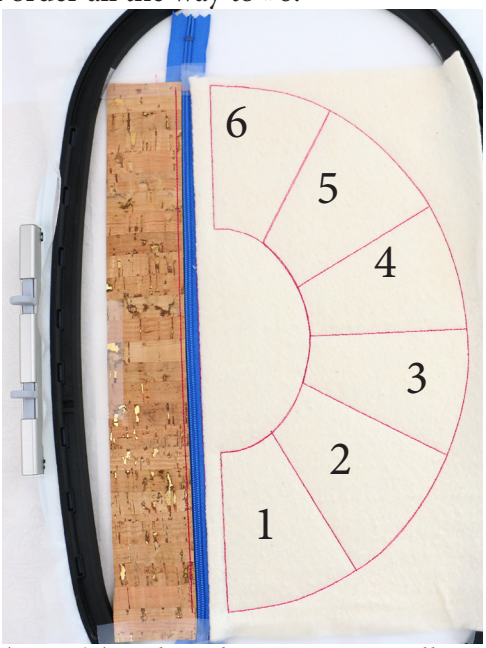
9. Remove the tape from the **Front bottom Batting** and pull the **Front bottom Batting** toward the bottom of the project. Tape in place. The Bottom Front Lining remains up.

Note: ***Keep the Bottom front Lining up and out of the way during all the piecing stitches.*** Insert hoop into machine and sew **Stitch #5**, the color wheel positioning stitch.



10. Notice the numbers inside the color wheel. These are the position placements. The first piece to be stitched is #1 and then in numerical order all the way to #6.





11. Place the **piece #1 (Purple)** right side up covering all outside lines of the Position #1 (see above diagram). Place **piece #2 (Blue)** wrong side up covering the straight line. Once happy with the placement, insert hoop into machine and sew **Stitch #6**, piece #1 seam. When stitching is complete, remove hoop and place on flat surface. ***Do not remove materials from hoop.***

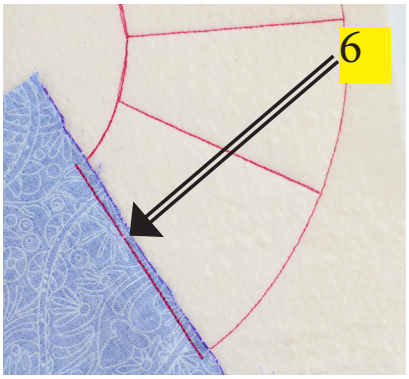
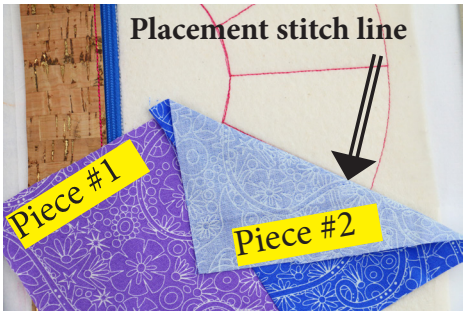
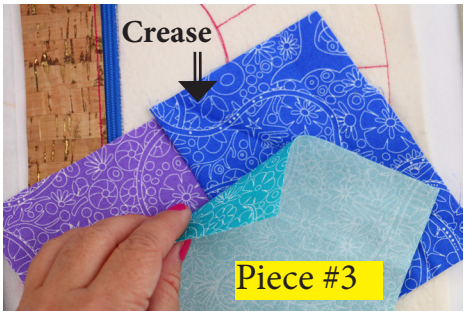
Steps - Hooping #2

12. Use applique scissors and cut the two seams from **piece #1 and #2** down to ¼" seam allowance. Turn **piece #2** toward **position #2** and finger press (or pressing tool) to smooth out seam.



Before placing the next piece (piece #3), fold the current piece (piece #2) toward it's right side, along the placement stitch line. Finger press or use pressing tool to create crease. Unfold piece (piece #2), notice the crease. Place the straight edge 1/4" over this crease.





Repeat same steps for **Stitches #7 thru #10.**

SWAST109

Steps - Hooping #2

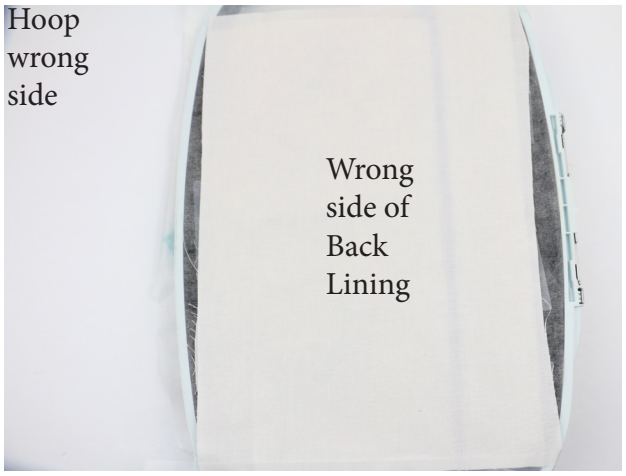
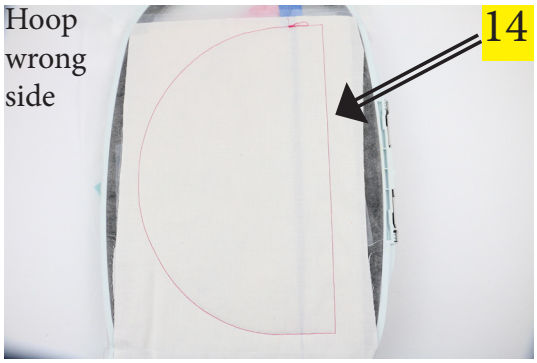
17. Place the **Back lining** wrong side up covering all stitching and materials. Secure along top and bottom edges with tape, extend the tape beyond the material to the plastic of the hoop. This will help prevent fabric shifting.



18. Turn hoop to right side

*****VERY IMPORTANT*** Open zipper 2/3rds way.**

19. Insert hoop into machine and sew **Stitch #14**, lining baste stitching.



20. Remove hoop from machine and place right side up.

Do not remove materials from hoop.

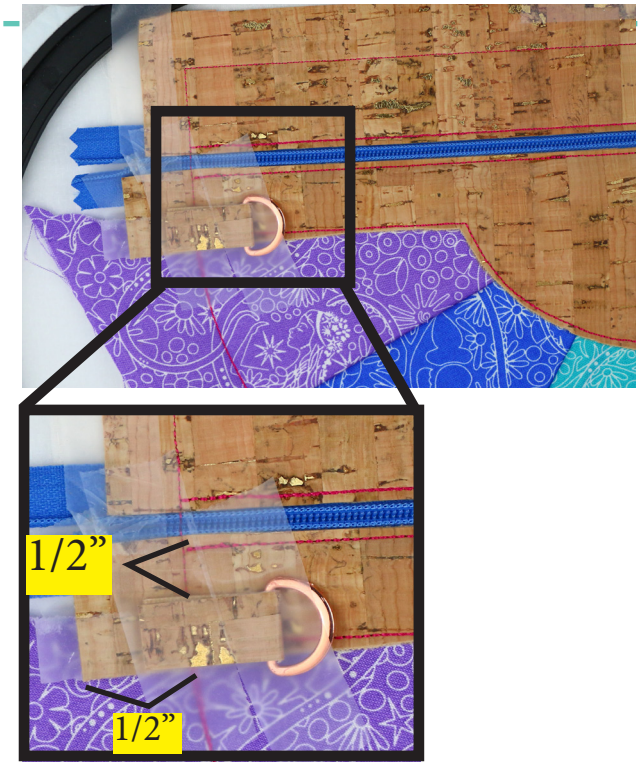
Steps - Hooping #2

21. Wrap the **Loop** through the **D-Ring** aligning the raw edges together. Place the raw edges ½" outside the basting stitch, 1/2" below the zipper pull (left) side of the clutch. **D-ring** will be inside the clutch. Secure with tape.



22. Place the **Back Zipper Pocket** (from hooping #1) with wrong side facing up, over the front. ***Note: The Top Pocket, Pink, is toward the top of the clutch. Zipper pull should be open 1/2 way.*** Secure with tape. Insert hoop into machine and sew **Stitch #15**, the top construction seam.

23. With hoop still in machine, place the **Back Pocket Lining** covering all materials and the **Back Foam** directly over. Sew **Stitch #16**, the final construction seam.

Steps - Sewing Machine Set up

1. Set sewing machine up with All Purpose thread, bobbin and universal sewing needle.

2. Wristlet strap:
   a. Double fold wristlet strap in half lengthwise, wrong sides together.
   b. Top stitch along both long edges.
   c. Slip one end through the swivel clasp and fold end about ½". Keep strap flat, tuck the other end under the end closest to the swivel clasp. Secure with stitch through all layers.

3. Clip the swivel hoop onto the D-Ring. Have fun making all the sizes of the Color Wheel Clutch and share pictures with me on social media. Use hashtags #ColorWheelClutch and #SueOVeryDesigns and don't forget to TAG me using the @ sign, @SueOVeryDesigns.
