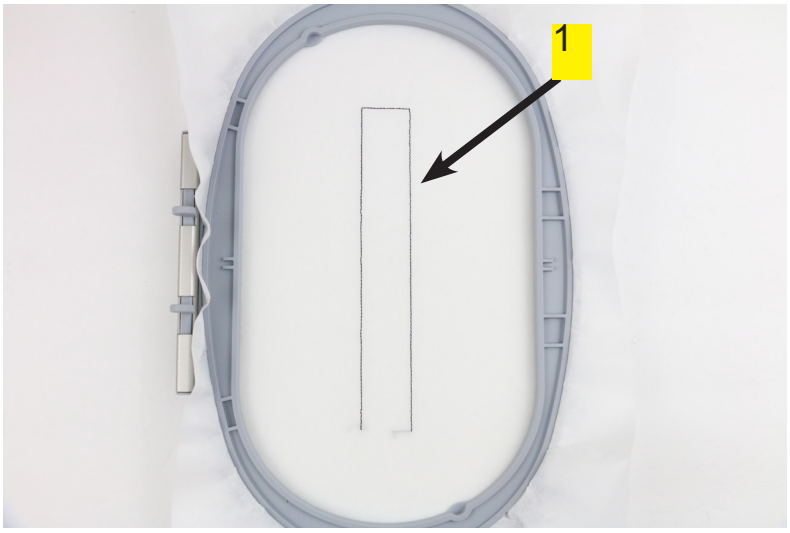
Steps

1. Hoop **tear away stabilizer**. Insert needle, thread and bobbin. Insert hoop and sew **Stitch #1**, the zipper placement stitch.



2. Remove hoop and place on a flat surface. Place the zipper inside the placement stitch. Be sure the zipper pull is above the top stitch at least an inch. Secure across the zipper a few times with clear tape.

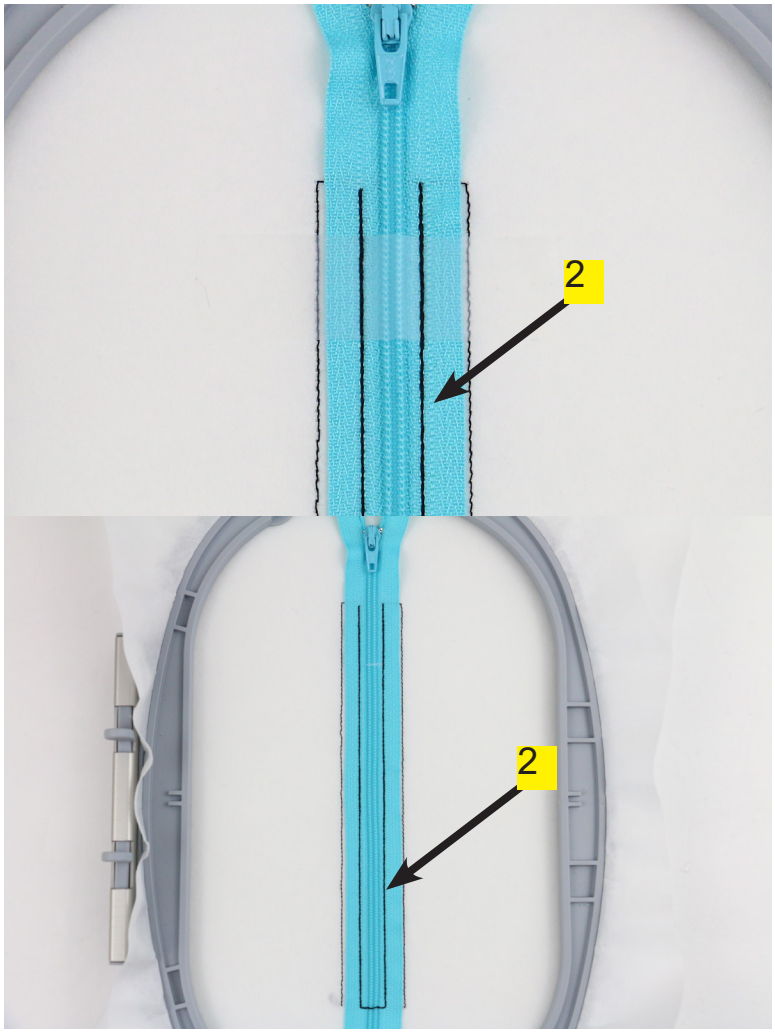
Steps

3. Insert hoop back into machine and sew **Stitch #2**, the zipper secure stitch. Once stitching is finished remove hoop from machine and place on a flat surface. Remove clear tape. Use the tip of your scissors as needed. Discard tape.



4. Place one of the Front pieces of vinyl on the left side of the zipper, right side facing down. Center between height of zipper and place the left side along the edge of the zipper. Secure with tape.

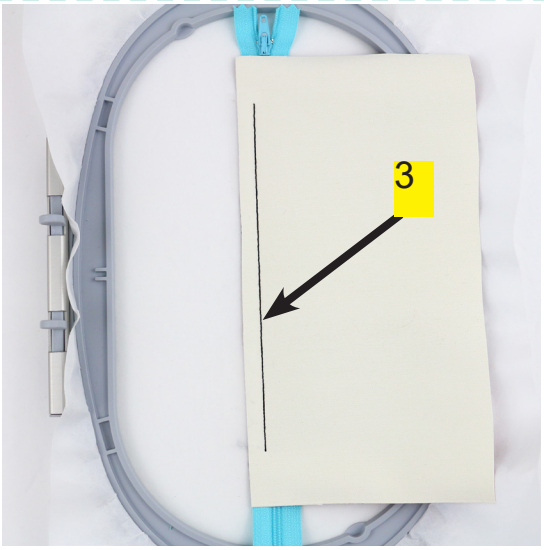
Steps

5. Insert hoop back into machine and sew **Stitch #3**, the left front secure stitch.



6. Once stitching is complete, remove hoop and place on a flat surface. Remove clear tape. Flip the left front to reveal the vinyl and finger press flat. Insert hoop into machine and sew **Stitch #4**, the left front top stitch.

7. Remove hoop from machine and place on a flat surface. Repeat the same thing on the right front and sew **Stitch #5 & 6**, the right secure and right top stitches.

Steps

10. Place the Back right side down over the Front two pieces. Insert hoop into machine and sew **Stitch #7**, the final construction stitch. Remove hoop from machine and all materials from hoop. Cut 1/4” around outside stitching and miter the corners. Remove stabilizer behind zipper and on front pieces. Turn right side out and use point turner carefully not to puncture the seam or vinyl.
