Iphone Case

Video instruction https://www.youtube.com/watch?v=qlOMSSd5vDs&t=10s

Pay attention this is a universal instruction.

This instruction will work with most of my Iphone Cases. So the patterns in the photo may be different (I'm sorry). But Photos with this purchased design will be placed next.

Recommended fabrics.

The choice of fabric depends on your preferences.

I use eco-leather and vinyl leather with a thickness of 0.6-0.85 mm. If the skin is very thin, it should be glued with a thin dublerin. You can also use cotton linen, satin.

The filler – rubber foam with a thickness of 5 mm or polyester batting 80 or 100.

Size designs (file name)	The size of the internal
3.24x5.45 "	2,73 x5,07"
3.63x6.24 "	3,12 x5,85"

	If you want to make a ribbon to pull out the phone. Make loops on the sewing machine on the lining fabric. Or embroider on an embroidery machine file «buttonhole» If you don't need the tape, skip all tape manipulation
