Passport cover

Pay attention this is a universal instruction.

This instruction will work with most of my Passport covers. So the patterns in the photo may be different (I'm sorry). But Photos with this purchased design will be placed next.

Recommended fabrics.

The choice of fabric depends on your preferences.

I use eco-leather and vinyl leather with a thickness of 0.6-0.85 mm. If the skin is very thin, it should be glued with a thin dublerin.

The filler – rubber foam with a thickness of 5 mm or polyester batting 80 or 100.

| | |
|--|--|
|  | Hoop tearaway or water-soluble stabilizer. Stitch Color 1 - the placement line for design |
|  | Put polyester batting. |
|  | Stitch Color 2 |

Cut off the excess the polyester batting around near stitch.
I recommend cutting the polyester batting at this stage to avoid thick seams.

Put the main fabric face up.

Turn the hoop over so the wrong side is up.

Place Lining right side up.

Stitch Color 3

Remove the hoop and turn it over so the wrong side is up.
Cut off the close to the stitch trying not to cut the thread.

(Sorry photo from another case.)

Do the pockets
Cut 2 squares of lining fabric (size 20*20 cm). Fold the square in half and press with an iron.
Or if you are using vinyl, cut out a rectangle 10*18 of vinyl

turn to the back side.
Measure 6-8 cm
Place your pocket as shown.
Fix the adhesive tape

Stitch Color 4 - secure the pocket (zigzag for cutting)

Cut off the exceed material around near zigzag stitch, on both sides of the hoop.

Stitch Color 5 - satin border

Cut stabilizer. Remove the stabilizer residues with a wet sponge
