## Key Fob Instructions

### Step 1

Hoop tear away stabilizer and run the placement stitch onto the stabilizer.

### Step 2

Place your fabric/vinly/leather covering entire placement line, and run the tack-down stitch to secure the fabric.

### Step 3

Complete the design detail steps for embroidery, depending on the design it can be 3-4 or more steps to be done here.

#### Step 4

When embroidery details are done before the last final step, turn the hoop over cover placement line with your back fabric and tape it in place.

(optional) For ribbon KeyFob, place your ribbon folded along with the fabric in this step only.

#### Step 5

Run final tack down stitch to secure front and back fabric together, you can use matching bobbin here if you don't want the back of your KeyFob to look white.

#### Step 6

Remove the hoop, tear away the stabilizer and cut the fabric/vinyl close to the stitches.

#### Step 7

Congratulations, Your design is COMPLETE!

You can add the keyfob hardware as you want, depending on the design you used (ribbon, snaptab or eyelet version)
