LOVEY INSTRUCTIONS

For a video tutorial visit our youtube channel:

<https://www.youtube.com/watch?v=RVvPB6HLE-4>

For accurate results, it is very important to stitch the designs in the order in which the colorcharts specify.

Materials Needed – 6x10 inch design	Fleece/minky/cotton	2 pieces	6x10 inches
Materials Needed – 5x7 inch design	Fleece/minky/cotton	2 pieces	5x7 inches
Materials Needed – 4x4 inch design	Fleece/minky/cotton	2 pieces	4x4 inches

Also you need pieces of fabric for ears, antlers or applique on the face.

1. For the placement color, choose a light color. This will stitch a running stitch placement line for your fabric.
2. Cut a piece of fabric big enough to cover the placement area. Spray lightly with a temporary spray adhesive.
Place fabric gently over placement line....do NOT remove the hoop!!!!
- 3) Stitch next color, the tack down. This is an identical running stitch to the placement line and will stitch down your fabric.
- 4) Stitch and cut applique fabrics if the designs has applique.
- 5) Continue to stitch the remainder of your design, the eyes, mouth and other face parts.
- 6) Add ears, antlers or other parts if the case.
- 7) Place the back fabric face down and do the final stitch.
- 8) Sew the head to the triangle body.

Lovey Triangle Instructions

Using a regular sewing machine.

There are a few different ways of doing this step. It is up to you to decide the best way for you. You can make the triangle as big as you like and you can use a square as well and place the head in the centre. This is how we do it.

Cut your back fabric square to the size you are making.

Then cut in half along the diagonal to make a triangle. Repeat for your front fabric.

As you can see in the video we find the middle of the longest part of the triangle and place the head there. Sew around and leave a little whole for turning. Turn it inside out and sew sut that whole.

TIP- Do not steam iron dot minky as this will flatten the dots smooth forever. Dry iron only!!

We hope you have enjoyed this tutorial. Please share your finished creations in our Facebook group Garden of designs machine embroidery to inspire us and your fellow embroider buddies to keep creating fun and exciting projects.

From the Garden Team
Enjoy!!
