Cheat Sheet Basics

A Hug Longer Digital Design

<https://www.facebook.com/NothingButLoveDigitalDesigns>

Like most things Embroidery takes practice. I have written this cheat sheet to help you determine why your design did not stitch as it should have. Even those of us who have been doing embroidery for a very long time can benefit from these reminders. All Hug Longer designs have been tested prior to release.

My Embroidery file will not fit in the hoop or will not load in my machine

- Have you tried to rotate the file from portrait to landscape or visa versa?
- Verify you have the proper size and format loaded. Is the file unzipped?
- Did you resize the file? Or add to the file?
- Have you tried re downloading the file?

My stitches are not in the correct places

- Is the hoop free moving without obstructions in the way?
- Are you using proper stabilization?
- Is the thread moving freely, have you tried rethreading?
- Does your machine have proper tension for the thread and bobbin?
- Did you properly hoop your item (not too tightly)?
- Is your fabric too dense for the design?
- Does your machine need service?
