1812-SANTA IN THE SKY

1 1
1 1

Design:1812-A4-SANTA IN THE SKY.EMB

Prep Steps/Preparations:

Prep 1: Cut fabric at least 2 inches larger than your hoop size. Example: For an 8 x 10 hoop, cut fabric to 10 x 12.

Prep 2: Hoop fabric and stabilizer.

Design Steps/Process Steps: STITCH OUT:
Step 1-10: Proc 1: Stitch the design following the color chart.

Proc 2: Remove project from hoop and trim, as needed.

Happy Stitching!
Lucinda

**1812-SANTA IN THE SKY**

TIP #: IMPORTANT TIPS:	
Tip 1:	For best stitch out results, use Terial Magic to treat your fabric before stitching. I saturate the entire fabric, so there are no missed spots, and then follow the manufacturer's instructions.
Tip 2:	Slow your machine speed down to half (or less) speed. For areas where you are stitching on top of already stitched objects, slow your machine to the lowest or second lowest speed to help prevent thread and needle breaks. Speed is not always your friend in machine embroidery.
Tip 3:	You may want to consider using the same color bobbin thread as the top thread, when using dark colored threads. If any bobbin thread happens to pull up from the bobbin, the stitch out will still look as it should.
Tip 4:	If there are any gaps in the stitching, or pulled up different color bobbin thread, use a PERMANENT FABRIC MARKER to carefully touch up the area in question.
Tip 5:	Use any size hoop, available in your machine brand, that best accommodates the size of the design.

PREP #: **PREPARATION:**

Prep 1:	Cut fabric at least 2 inches larger than your hoop size. Example: For an 8 x 10 hoop, cut fabric to 10 x 12.
Prep 2:	Hoop fabric and one layer of FNSM stabilizer. Turn the hoop over, WSU, and affix a layer of FTM to the bottom of the hoop, using SET.

See Terminology Section for acronyms used.

PLEASE TREAT FABRIC WITH TERRIAL MAGIC BEFORE YOU HOOP!

Greetings!

It is so important to treat your fabric with a stiffener or starch-type product.

You will be so much happier with the results of your stitch out.

For best results, I recommend Terial Magic. It is THE VERY BEST fabric treatment that helps to prevent puckers.

Have fun stitching!

Lucinda

FPT: Floriani Pink Tape	<p>My favorite use of this is putting a length of tape parallel to the presser foot as a seam guide (make sure not to cover the feed dogs).</p> <p>I do not like it for securing fabric or stabilizer on or under the embroidery hoop, as it can come off and if stitched through, it's nearly impossible to remove.</p>	
FNSM: Floriani No Show Mesh stabilizer--comes in giant rolls and varying sizes and colors.	Cut away stabilizer that can be left in the project

Floriani Perfect Stick Tearaway Stabilizer	<p>Embroidery in almost any area is achievable! Enjoy quality stitching with no residue build up or gummy needles. Floriani Perfect Stick Stabilizer is ideal for hard to hoop items such as bulky towels, backpacks, collars, napkin corners, or socks. Also use for fabrics that can be damaged by the hooping process, a.k.a. Hoop Burn; fabrics like leather, velvet, ultra-suede and satin. With Perfect Stick Stabilizer you will enjoy the stability of a firm yet flexible stabilizer that will support all types of embroideries on most fabrics.</p>

Aileen's Fabric Fusion permanent fabric tape	<p>Whether you know how to sew and don't have time, or have never picked up a needle and thread in your life, Aleene's Fabric Fusion Permanent Tape is an easy alternative. Just press in place for instant permanent hold that's great for creating hems and much more. This double-sided instant fabric tape adheres a variety of fabrics without heat setting for a permanent bond that remains flexible, even after washing. So your fabrics move with you, not against you.</p>	 A roll of Aleene's Fabric Fusion Permanent Fabric Tape. The packaging is a yellow and brown card with a clear plastic window showing the white tape. The Aleene's logo is in the top left, and 'FABRIC FUSION' is in the top right. The text 'Permanent Fabric Tape' and 'Ruban de Tissu Permanent' are in the center. At the bottom, it says '5/8 in x 20 ft (1.6 cm x 6 m)' and has icons for wash, dry, and iron.

Aileen's Fabric Fusion permanent fabric glue	<p>This permanent fabric adhesive offers crafters and fashion artists a great alternative to a needle and thread! This clear, water-based adhesive is nontoxic and machine washable, offering a permanent bond between fabrics and embellishments to fabrics with just the squeeze of a bottle. It is ideal for using with most fabrics, trims, sequins, rhinestones, beads and more.</p>	
Alene's Tack-It Over & Over	<p>Use to temporarily position appliques or the seam allowances in preparation for stitching the seam.</p> <p>Also, fantastic to use with die cutting mats. Clean the mat with diaper wipes, then apply this product with a foam brush to the mat.
