Fabric C (Outer Fabric)	3 1/8" x 4 3/4"
Fabric D (Liner)	3 1/8" x 4 3/4"

***\*Fabric measurements are exact to the design. To ensure the fabric fully covers and extends beyond the placement stitches, cut the fabric a little larger.***

### **Instructions:**

**Placement (Stich #1)**

Stitch the placement line on the stabilizer to show where to position your fabric.

**Fabric A (Stitch #2 & 3)**

Place Fabric A just below the placement stitch line, right side up, with the folded edge at the top.

**Fabric B (Stitch #4)**

Flip your hoop over and place Fabric B just below the placement stitch line, right side up, with the folded edge at the top.

### Fabric C (Stitch #5)

Place Fabric C face down, making sure it covers the placement stitch.

*\*If adding a strap (elastic ribbon band), make sure to add it in this step before stitching Fabric C.*

### Fabric D (Stitch #6)

Flip your hoop over and place Fabric D on the back of the hoop, face down, making sure it covers the placement stitch.

### Trim

Remove the project from the hoop. Trim around the entire project, leaving a ¼" seam allowance.

### Turn and Close

Carefully turn the project right side out through the opening in the lining. Close the opening with a small stitch or fabric tape.

### Finishing Touches

Turn the pocket right side out and add snaps as desired.
