Name:tiny teddy 2.ART90

Height:

130.0 mm

Width:

97.8 mm

Stitches:

1,483

Colors:

3

Color changes:

2

Trims:

11

Total bobbin:

2.06m

Color Sequence:

#	Color	Element	Code	Name	Chart
1.	11		1237	Dark Alder	Hemingworth PolySelect
2.	21		1198	China Blue	Hemingworth PolySelect
3.	44		1145	Caramel Cappuccino	Hemingworth PolySelect

Thread usage:

6.45m

N#	Color	Name	Length
11.	1237	Dark Alder	2.51m
21.	1198	China Blue	0.06m
44.	1145	Caramel Cappuccino	3.89m

Cord usage:

0.00m

CS#	Color	Diameter	Length
-----	-------	----------	--------

Machine runtime:

Module	Runtime (hr:min:sec)
Large	0:04:53

Maximum Stitch Length 12.7mm

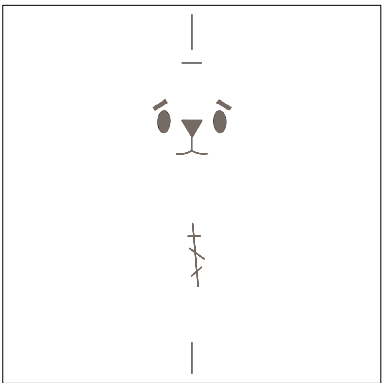

Minimum Stitch Length 0.3mm

Maximum J ump Length 7mm

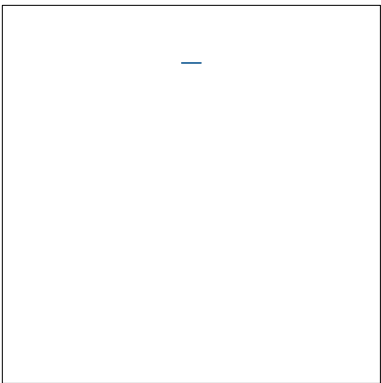

The colors are an indication only.

Colors 1 and 2 can be stitched with the same thread. Choose a color suitable for the face.

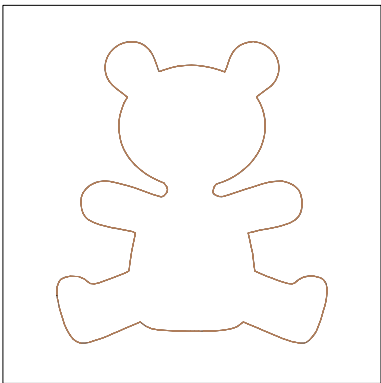

Color number 3 should match your fabric.

Stop #: 1
Element:
Code: 1237
Name: Dark Alder
Chart: Hemingworth PolySelect
Stitches: 608
Thread used: 2.51m

Stop #: 2
Element:
Code: 1198
Name: China Blue
Chart: Hemingworth PolySelect
Stitches: 14
Thread used: 0.06m

Stop #: 3
Element:
Code: 1145
Name: Caramel Cappuccino
Chart: Hemingworth PolySelect
Stitches: 861
Thread used: 3.89m

TINY TEDDY CONSTRUCTION

1. Cut 2 rectangles of fabric 6cm wide by 13cm high for the back of the teddy.
2. Join these rectangles along the long side (height) using a 1cm seam allowance and leaving a 4cm gap in the middle.
3. Press the seam open.

4. Cut a piece of $\frac{1}{4}$ " (6mm) elastic or cord
5. Hoop the fabric and stabilizer for the front of the teddy. I used tearaway.

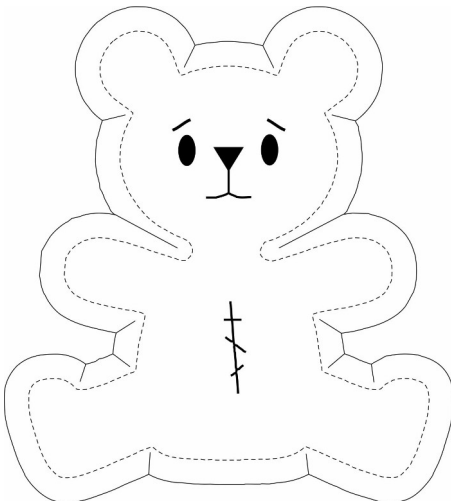

6. Stitch color 1. This will stitch the face, the tummy stitching, the placement lines for the back fabric, and the placement line for the elastic/cord loop.

7. Place the elastic/cord loop over the placement line with the loop pointing down and stitch color 2. This will anchor the loop in place. I used 1/4" (6mm) elastic. You can hold it in place with tape if you wish. There is no need to change your thread for color 2 as it will stitch in the seam allowance and not show. Remove any tape used.
8. Place the back piece, right side down, over the teddy matching the seam line to the vertical placement lines at the top and bottom. Secure in place with tape if desired. If the seam allowance is not sitting perfectly flat you risk the embroidery foot catching on it as you stitch the outline of the teddy. You can use tape to stick it down to prevent this happening.

9. Stitch color 3 – the outline. This stitching may show a little when the bear is turned and stuffed, so for best results use a thread that matches your fabric.
10. Remove the project from the hoop.
11. Remove the stabilizer and any tape you have used.
12. Cut around the bear leaving a 1/4" (6mm) seam allowance.

13. Snip into the neck and at the sharp corners of the arms, legs and ears being careful not to cut the stitching.

14. Turn the teddy through the opening in the back seam.
15. Stuff the teddy and close the back seam with a ladder stitch.
16. To make the bottom legs face forward, hold the teddy pushing the leg forward forming a crease.
17. Stitch the crease closed with a ladder stitch.

You can tie a ribbon around your Teddy's neck if you like.
